Dear Clyde-Savannah Families,

I would like to provide an update regarding the operational status of the District.

Through contact tracing, it was determined that a quarantine will need to be put in place for non-instructional staff members from the transportation department. This is just a precautionary measure and there are no additional positive cases that we are aware of. As this is a matter of confidentiality and privacy, we are unable to share additional information. However, I want to assure you that we will continue to be proactive and follow the guidance provided by the Wayne County Department of Health.

Due to the required quarantine, the District will not have sufficient transportation staff to support our transportation needs. Therefore, we will not be able to have in-person instruction.

At this time, the District will transition to virtual learning for all learners beginning tomorrow, Wednesday, September 23, 2020, with the expectation of reopening the building for in-person learning on Wednesday, September 30, 2020.

Tomorrow will be an A day for MS/HS students. Students will need to log into their classes via Zoom. Teachers will be emailing students the Zoom links of their scheduled class times. Elementary students will use links sent by teachers for their daily schedule. If you have any questions, please contact your building principal.

The District will be activating its meal distribution plan for all families. Please be advised that there will be no food deliveries during this time. Meal distribution details are as follows:

- Wednesday, September 23 – 2:00-4:00PM
- Monday, September 28 – 2:00-4:00PM

Pick up locations:
- Clyde-Savannah Elementary School
- Savannah Fire Hall (1770 State Route 89, Savannah, NY 13146)

As our students participate in virtual learning, we ask our school community to continue to prevent the spread of COVID-19 by wearing a mask, washing hands, practicing social distancing, and avoiding any large gatherings.

I want to assure you that the District and Wayne County Department of Health are taking every necessary precaution to ensure the safety of our school community. We will provide further updates as they become available.

If you have any additional questions or concerns, please contact your medical provider or the Wayne County Department of Health. For all other health-related questions, please utilize the New York State Coronavirus hotline at 1-888-364-3065.

Thank you for your patience and flexibility as we transition to full virtual learning.

Stay well,

Michael Hayden
